

TOSCANA ROSSO IGT

PETRA

Grapes	Cabernet sauvignon 55%, merlot 35%, Cabernet franc 10%
Origin	Petra vineyard, San Lorenzo Alto village
Cultivation systems	Spurred cordon, double Guyot
Plant density	6200 vines per hectare
Yield	70 quintals per hectare
Average age of vines	20-25 years
Terroir	Calcareous clay soils characterized by flysch a palombini, with high proportions of clay, silt and coarse mineral fragments. Iron and manganese oxides are present on the lower terraces
Barrel ageing	In French oak barrels of which 25% are new, for at least 14 months,
Ageing in bottle	For a miminum of 18 months
Analytical data	Alcoholic content: 14.5 % - Total acidity: 5.2 g/l - pH: 3.57

Deep ruby red color, with cobalt-blue highlights. On the nose, the bouquet displays ripe red fruit, strawberry and raspberry, accompanied by notes of blackberry, plum and blackcurrant. Blood orange contributes a distinctive layer of Mediterranean complexity, complemented by balsamic notes of Mediterranean scrub, including thyme, mint, rosemary, eucalyptus and licorice.

On the palate, its entry is soft, with a juicy mouthfeel and dynamic agility.

Petra 2023 is a mineral wine, much like the soils where it is grown, with a hint of bloodiness and Mediterranean energy.
